

CENTER FOCUSED THERAPY

Position Announcement: Licensed Professional Counselor

Overview

Center Focused Therapy (CFT) is a group psychotherapy practice located in downtown Chicago dedicated to providing the highest level of intentional, compassionate, and informed care for our diverse client population. CFT is seeking Licensed Professional Counselors who are committed to providing affirmative mental health care and pursuing their own clinical, personal, and professional growth.

The goal of this position is to prepare early-career clinicians for independent practice in group- and private-practice settings. We seek to balance a deep commitment to training and the provision of support with fostering increasing autonomy. The primary foci of the training program are to:

1. Foster Licensed Professional Counselors' ability to consistently provide intentional, high-quality psychotherapy
2. Increase their awareness and level of skill in navigating and addressing issues of culture, identity, and the socio-political surroundings within a relational framework
3. Consistently adhere to the highest ethical standards of our field
4. Support Licensed Professional Counselors in their professional development, including fostering the development of trainees' specific areas of interest and emerging expertise, as well as marketing and other skills necessary to maintaining a successful independent practice

As one of Chicago's leading experts in diversity training, CFT provides opportunities to provide individual, couples, and group services to a wide range of populations.

Licensed Professional Counselors will receive one hour of weekly individual supervision with a Licensed Clinical Professional Counselor or Licensed Clinical Psychologist and one hour of bi-weekly group supervision led by a licensed staff person. In addition, there will be opportunities to network with other professionals. Supervisors represent a broad range of theoretical orientations and will individualize supervision to meet training goals and developmental needs.

We believe in the value of community and are dedicated to building a collaborative and diverse team that upholds the values of social justice and cultural humility. We believe in enacting the values we hold, not only with clients but also amongst ourselves, and find that we all gain from the opportunities for continued growth and mutual support offered by fostering a community based on respect, transparency, authenticity, and trust.

Our team meets monthly, currently socially distanced or virtually, for team building and social activities. The ideal candidate is self-motivated, dedicated to providing services to marginalized populations, self-reflective, open to feedback, and desires to be a long-term member of the team.

For more information about CFT, please visit our website:

Responsibilities

- See an average of 25 individual or couples clients/week, including one psychotherapy group
- Expected to be working 4 days (1 as a weekend day) within a hybrid remote/in-person model
- Weeknight and weekend days may be required depending on needs of clients

Benefits and Compensation

This is a full time, W-2 employee position. Benefits and compensation will be determined once an offer is extended and be highly competitive to Licensed Professional Counselors within a private practice setting in the Chicago land area. Full time staff therapist salary ranges between \$60,000-70,000.00 based on performance. Paid Time off is up to 40 hours/year, 20 hours can rollover to the subsequent year. Insurance benefits attained after reaching a full caseload.

Minimum Qualifications

Licensed Professional Counselor or license eligible.
Completion of a Master's program in Clinical or Counseling Psychology or related field.

Start Date

Roughly December 14th, 2022 (exact dates determined once offer is extended)

Application Process

Please send the following in ONE email to info@centerfocusedtherapy.com:

- 1). Cover Letter indicating reasons you are interested in being with Center Focused Therapy.
- 2). Resume or Curriculum Vita.
- 3). One letter of recommendation written by a person who directly supervised your clinical work.

Please note that your application will not be reviewed until all documents are received.

In the subject line of your email, please state "LPC, your last name, your first name." If you have questions about the position, please contact Dr. Corina Morgan, Psy.D.. at drmorgan@centerfocusedtherapy.com
